

Attendees:

Kevin  
Koen  
Robert  
Ronny  
Taeer  
Jime  
Laurens

Recap of the last tech meeting.

- Taeer mentions there is someone on Modus side that could help us answering Kubernetes questions
- What are we looking for in kubernetes:
  - \* guarding
  - \* scaling
  - \* kicking off services
- Other option to look at: rancher.
- scaling layers:
  - \* adding hardware to the fram
  - \* adding 'services on the farm'
- Architecture document:
  - - on hold until there is a decision about kubernetes.

Action items:

- Meeting tomorrow to discuss kubernetes (14:30 CEST)
- Meeting early next week to make decisions. Tuesday 7/16 10.30 ET (16:30 CEST)
